

Discovery Kids

Before and After School Care

NEWSLETTER

March 2020

Welcome back to Discovery Kids and a big warm welcome to all the new families, children and staff that have joined us. This term, our focus so far has been on doing some "All About Me" activities, as well as learning about good recycling and personal hygiene practices

We have so many exciting things planned for the year ahead, including excursions and incursions over the upcoming vacation care period. We look forward to sharing these experiences with you!

~ HAVE A GREAT IDEA OR SUGGESTION FOR US? ~

You may notice that we have displayed an Ideas Board near the sign in/out iPad. We welcome any suggestions or ideas you may have and would love to hear your feedback on our service.

ON-SITE

Mobile

If you need to contact the centre whilst your children are in care, the onsite mobile number is:

OLG-0452236918

The mobile will be in use during opening times 2.00-6pm

BOOKING REMINDERS

- ✓ Statements are sent out weekly, if you do not receive your statement please email discovery_kids@outlook.com and for all other [booking inquiries](#)
- ✓ [Fees work on block times- BSC 7-9am \\$25](#)
- ✓ [ASC 2.30-6pm \\$35](#)
- ✓ [OLGC- Monday-Thursday BSC and ASC](#)
- ✓ [OLG-Monday-Friday ASC](#)
- ✓ PERMANENT BOOKINGS - **7 days** notice is required to cancel a permanent booking to qualify for a 50% holiday rate OR to change to another day within that week

REMEMBER TO FOLLOW YOUR CHILD'S PROGRESS ON HOMEROOM

PARENT TIPS AND HELPFUL INFORMATION IS ALSO AVAILABLE UNDER THE "PARENT" Folder.

Homework

At Discovery Kids we provide a quiet area and separate table for children to complete their homework. An educator is available to help the children and keep them on task. Please advise the educator on duty if you would like your child to complete their homework whilst at Discovery Kids.

SUSTAINABILITY/FAMILY/COMMUNITY INVOLVEMENT

at Discovery Kids

Dear Families,

You may be aware that the lights in the room may be turned off.

As part of our sustainable journey, we are turning the lights off during the day and when we are all outside. This will allow for the natural sunshine to come through the room.

THE WORLD'S GREATEST SHAVE

ONE OF OUR CHILDREN FROM DISCOVERY KIDS IS PARTICIPATING IN THE WORDS GREATEST SHAVE. THE SHAVE WILL TAKE PLACE AT OLGC ON THE 12TH MARCH. DISCOVERY KIDS IS A PROUD SUPPORTER OF THIS GREAT CAUSE AND ARE VERY PROUD OF GIANNI FOR PARTICIPATING IN THIS FUNDRAISER.

BELOW IS THE LINK TO SUPPORT GIANNI AND THE LEUKEMIA FOUNDATION.

Just click here to sponsor me today:

Did you know?

15 minutes of exercise a day can add 3 years to your life!

IMMUNISATION FOR CHILDREN

Immunisation is a simple, safe and effective way of protecting people against harmful diseases before they come into contact with them. Immunisation not only protects individuals, but also others in the community, by reducing the spread of preventable diseases. For more information, visit:
<https://beta.health.gov.au/healthtopics/immunisation>
And
<https://campaigns.health.gov.au/immunisation/facts>

Child Protection and Family Support

Child Protection and Family Support are an integral part of the Discovery Kids Staff Training Program. Each year all staff participate in a Child Protection workshop and online course. Child Protection and Family Support protects and cares for Western Australian children and young people who are in need and supports families and individuals who are at risk or in crisis. For more information please visit-
<https://www.communities.wa.gov.au/services/child-protection-and-family-support/>

Importance of Physical Activity

Physical activity or exercise can improve your health and reduce the risk of developing several diseases like type 2 diabetes, cancer and cardiovascular disease. Physical activity and exercise can have immediate and long-term health benefits. Most importantly, regular activity can improve your quality of life.

A minimum of 30 minutes a day for both you and your child can allow you to enjoy these benefits.

For more information please visit:

<https://www1.health.gov.au/internet/main/publishing.nsf/Content/phy-activity>

Sun Smart

Leading up to the warmer months it is crucial to be sun smart. Download the Sun Smart App which gives you advice/information on sun protection for you and your family.

WHAT'S ON IN PERTH!!

Weekend NOTES

Pg. 170 – 173 Code of Ethics

Pg. 174 – 176 Confidentiality Policy

Pg. 47 – 49 Control of Infectious Diseases Policy

Pg. 177 – 178 Curriculum (Pedagogy) and Educators Development Training Policy

Pg. 50 – 51 Dental Health Policy

Pg. 52 Drug Policy

Novel coronavirus (2019-nCoV)

Information for Parents

An outbreak of novel coronavirus (2019-nCoV) was detected in Wuhan, Hubei Province, China in late December 2019.

Exclusion from School or Early Childhood Centres

If you have been informed by Public Health authorities that your child is a close contact of a confirmed case of the novel coronavirus (2019-nCoV), even if they don't have symptoms, they cannot attend school or childcare until Public Health informs you that it is safe for them to do so.

If your child has recently travelled to mainland China and has developed symptoms (listed below), contact your usual doctor for assessment who will liaise with Public Health authorities and determine whether or not your child needs to be excluded from school or child care.

If your child has recently travelled to mainland China and has not developed any of the symptoms (listed below), they may attend their school or early childhood centre and should not be excluded.

What is this virus?

Coronaviruses can make humans and animals sick. Some coronaviruses can cause illness similar to the common cold and others can cause more serious diseases, including Severe Acute Respiratory Syndrome (SARS) and Middle East respiratory syndrome (MERS).

The virus originating in Hubei Province, China is called 'novel' because it is new. It had not been detected before this outbreak. Most people infected live in, or travelled to, Hubei Province, China. There have been cases of 2019-nCoV reported in other Chinese provinces and other countries. It is likely that the virus originally came from an animal, and there is now evidence that it can spread from person-to-person.

What are the symptoms?

Symptoms include (but are not limited to) fever, cough, sore throat, fatigue and shortness of breath.

What if my child is sick now or within 14 days of being in Hubei Province?

If your child develops mild symptoms:

- • keep your child at home and do not send them to school or child care;
- • call your usual doctor or local hospital and tell them your child may have novel coronavirus infection; and
- • when you get to the doctor's clinic or hospital, tell them again that your child may have novel coronavirus.

Novel coronavirus (nCoV) 1

If your child has serious symptoms such as shortness of breath:

- • call **000** and ask for an ambulance; and
- • tell the paramedic that your child may have novel coronavirus infection.
- • your doctor will test your child for 2019-nCoV and provide advice on management. You will also be contacted by Public Health officers who will provide you with more information.

Students with symptoms should be excluded from attending schools and early childhood centres until symptoms have resolved. If they have been diagnosed with 2019-CoV they should not attend school or childcare until they are cleared by public health authorities. If students have other respiratory illness (i.e. flu), they should not attend school irrespective of whether there is a concern about nCoV.

How can I help prevent the spread of 2019-nCoV?

- • teach and encourage your children to wash their hands often with soap and water before and after eating as well as after attending the toilet;
- • avoid contact with others by keeping children home if they are unwell;
- • teaching children to cough and sneeze into their elbow; and
- • while it's not possible to avoid touching, kissing, and hugging children, parents and guardians should do their best to follow these steps too.

Where can I get more information?

Visit the Australian Government Department of Health homepage at www.health.gov.au

Call the Public Health Information Line on 1800 044 599.

Contact your state or territory public health agency:

- • ACT call 02 5124 9213 during business hours or (02) 9962 4155 after hours
- • NSW call 1300 066 055
- • NT call 08 8922 8044
- • Qld call 13HEALTH (13 43 25 84)
- • SA call 1300 232 272
- • Tas call 1800 671 738
- • Vic call 1300 651 160
- • WA visit <https://www.healthywa.wa.gov.au/> or call your local [public health unit](#)
